Tickets are \$25 per person
which includes a luncheon
and V.I.P. seating.
All proceeds will benefit the
children programs of Western
Palm Beach County Mental
Health Clinic, Inc. of Belle
Glade. Call 992-1330 for more
information.

New fire truck is a costly investment

Tammy Jackson
Staff Reporter
The City of South Bay has two
fire trucks and they both are in
desperate need of repair. The
commission met Tuesday night only to find out that a new emer-gency vehicle would cost \$125,681. The monthly payment for the vehicle will be \$1,426 a

for the vehicle will be \$1,426 a month for 10 years.
South Bay Gity Manager Lester Baird contacted Elite Fire & Safety Equipment, Inc. about the city's need for a new vehicle. Wr. Baird and Pelice Chief Roy Humston said both fire trucks had been receiving repairs and the amount of the repairs are away costly to the cit's According very costly to the city. According to Chief Humston, nearly \$8,000 have been placed in repairs for the truck.

the truck.

South Bay Mayor Clarence
Anthony said it is pass due time
for the city to get a new fire
truck. He said there have been
many repairs made to the same
vehicles and it's time for the city

vehicles and it's time for the city to invest in another vehicle.

The mayor said, "We have three options. We do not have to purchase the new truck but maintain the existing trucks; receive an interlocal agreement-with the City of Belle Glade to provide services to South Bay; or purchase the truck."

Commissioner Milranda Smith

purchase the truck."
Commissioner Milranda Smith agreed with Mayor Anthony saying that this is an emergency purchase and it needs to be made, however, she was concerned with how the city would bay for the truck. "We need to know how we're going to now for

this truck. I know it's an emergency purchase but \$125,000 is a lot of money," she said.

gency purchase but \$125,000 is a lot of money, "she said.

The mayor told the commis-sion," I am not willing to increase taxes for this. I think we can squeeze this out of our budget." Paul Christiansen told the commission the vehicle they are interested in purchasing is a 1994 model. He said it has a discal service and an attention

commissioners were concerned with the life of the vehicle. Mr. Christiansen told the commissioners the trucks can operate efficiently for 15 years in a busy for descriptor.

efficiently for 15 years in a busy fire department.

Mayor Anthony said he was interested in some kind of tradein on the truck the city already has. Mr-Christiansen said he had looked at the vehicle on an earlier occasion, however, he could not give the city the same trade-in as he had quoted at that time. He said the truck needs to many oselly repairs.

The mayor said, "This is like a car. I would like to see some sort of trade-in on our existing truck. When we speak of a \$125,681 investment for a new truck, I

investment for a new truck, a would like to see us get a trade-in for the vehicle that we already have."
Following much dis

commission opted to further dis-cuss the issue before making a decision to invest in the vehicle.

decision to invest in the vehicle.

Mr. Christiansen told the commission there are nine trucks of that style in the warehouse. He said they are sold on a first-come basis.

City to spend \$770,000 to make modifications at wastewater treatment plant

By Brenda Bunting

Editor
In the first of several costly improvements to the city's drinking water system and the wastewater treatment plant, Belle Glade officials voted Mon-

Belle Glade officials 7770,000.

The money, to be taken from the city's replacement and repair fund, will be used to install site piping and roto screens and to do back flushing and acid testing of the city's deep well injection sys-

The city is required by state and federal regulations to bring the wastewater treat-

ment plant up to code by Oct. 31 or face fines of \$10,000 a

ay. Total improvements to both plants are estimated to cost the city up to \$15 million.
"I don't want to tax people in

Bill Tyson running as independent candidate against Comm. Ken Foster

By Brenda Bunting Editor

By Brenda Bunting
Editor
A Wellington man has filed
to run for County Commission,
District 6, against incumbent
Ken Foster.
Bill Tyson, 32, is an auto
mechanic who owns and operates Bill's Auto Repair in
Wellington. He and his wife
Cathèrine are the parents of a
6-month-old daughter, Elizabeth.

beth.
A graduate of the 5th Army
Non-Commissioner Officers'
Academy and the 7th Army
Logistics School, he is an
armed services veteran who, as
a sergeant, was decorated
eight times.
He said his platform encompasses five points.

passes five points:

• To stop runaway county

spending,

• Eliminate unfair taxation,

• Work for responsible

growth management,

• Drive out special interests,

• To be accessible to his constituents.
"I see the need for both

reform and a fundamental shift in county government," he said.
"In the past four years, the

he said.

"In the past four years, the county budget has doubled from \$724 million to \$1.6 billion," he said. 'I want to combet waste spending and redundant spending by mandating caps on spending.'

This is a major tool for preventing our county government from becoming a runaway train. Setting limits on spending will help the county live within its means, keep its budget in line, and eliminate irresponsible taxing - like the six cent a gallon gast tax," he added. One of his suggestions to accomplish this is to combine the maintenance facilities for the sheriff and fire protection. We need to bring these two organizations together. two organizations together.

two organizations together.
The tax savings could be
extraordinary."
Mr. Tyson said he pledges to
remain accessible to the western communities and plans to
hold town meetings bi-weekly
to keep citizens informed about

drive special interest groups from our county government," he said. "I will neither seek nor accept campaign contributions from special interest groups."

Mr. Tyson said he believes the county commission needs to reduce the debt obligations

paid by the tourist industry.
"Crime and other factors are already affecting our tourist dollars. Future dependence on tourism may be short-sighted and problematic in the years ahead. The tourist dollars should be the frosting on the cake - not our meat and pota-toes," he said.

A member of Phi Theta Kap-pa, Mr. Tyson attended Palm Beach Community College as an engineering student, and has also earned five diplomas

in auto repair technology.

In 1989 he started his company business. He said he was featured on PBS television as a

featured on PBS television as a model entrepreneur who has achieved business excellence. Mr. Tyson has an open cam-paign line. To reach him, call 407-795-8558. The only other candidate to file against Mr. Foster has been Bill Gotthelf, a democrat from the Acreage.

Dismissal at school needs changing

A letter to Glade View Ele pal and Vice Principal:

A letter to Glade View Elementary's Principal and Vice Principal:

As a parent, I am extremely concerned for the safety of the children. Therefore, I am having a hard time adjusting to the way the school is practicing the dismissal of the children.

In the afternoon, Glade View Elementary School is extreme chaos. My kids are pickups in the afternoon and it is totally ridiculous how the kids are allowed to run 'free', if I may use that word. Children are darting in and out of the traffic trying to cross the street, kids are too close to the curb side and they are literally told to leave the campus. The fence is pulled almost closed and there aren't any teachers or faculty members on the outside of the fence. The few staff members that are there tell the kids to "get on the outside of the fence."

Even though the speed limit, we have got to remember that these are students, they are children, and from what I observe, the vehicles are adhering to the speed limit, we have got to remember that these are students, they are children, and they are not responsible for themselves: we are responsible for the children. And why is the gate pulled closed during dismissal? It seems to me it would be much safer for the children if parents who pick their children up are allowed to enter and exit through the gates rather than park on the side of the road and across the street from the school and traffic to get to their parents.

On a few occasions, I have also noticed that some children are red tring in and out of cars and traffic to get to their parents.

On a few occasions, I have also noticed that some children are red being picked up on time. I've seen these children as late as 3:30 p.m. standing alongside the road, alone. As adults, I'm sure we know there are some people who do, harm children as well as adults. When children are left unattended, we have to admit that anything can happen. My cart children who aren't picked up at a certain time be permitted to go to the front office? It is too dangerous and risky to leave the

leave the students unattended.

I have witnessed several instances where the children are running in front of vehicles at your school. If a child is hit by a car, there will be some terribly unhappy, harsh and unfriendly parents. When students attend school (any school), the school is responsible for the child while they are at the school That includes the dismissal of the children.

I'm definite there is something that can be done to correct the problem (and I see it as a big problem). I've discussed the issue with other parents and I am not the only parent who feels this way. Safety is the most important thing for the children. What I can see at this time, Glade View's dismissal is not safe. I'm willing to assist you in correcting this problem. My children

enrolled at Glade View four months ago and I noticed the problem at that time. I never said anything because I thought it was something that would correct itself. I do not see it correct in gitzelf, therefore I think that is is well over-

lue for conversation and a solution.

If I can be of assistance, please do not hesitate

Tammy Jackson Belle Glade

Let legislator know you have an opinion on flood insurance

Dear Editor:

Dear Editor:
Wake up, Florida! We could end up without flood insurance. There are bills in both the House (HR3191) and the Senate (S1405) of the United States that you should know about. These bills would deny flood insurance to new construction in "erosion hazard areas" (proponents have long suggested that barrier islands, and coastline are by definition erosion, hazard, areas, and most construction after a huxicane, will be new.

will be new).

This legislation is obviously important to everyone who lives or makes a living in or near any coastal area. It may not be so obvious, but it is certainly important to those who live or make their living inland. One of the effects of these bills would be reduced property values for coastal and near-coastal properties, which will reduce property tax revenues from those properties and require more from everyone else. Another effect would be a reduction in the number of capital hotel/motel facilities, and the enjoyment, employment, and tax revenues provided by them.

them.

You can obtain more information from Coastal Advocate Inc. (fax 609-494-5335, P.O. Box 475, Ship Bottom, N.J. 08008) and from Long Island Coastal Alliance (fax 212-929-3746, 263 W. 20th Street, New York N.Y. 10011).

Sen. Mack (fax 202-224-8022, 517 Senate Hart Office Building, Washington D.C. 20510) has recognized the defects of \$1405 and will present an alternative; Rep. Peter Deutsch-FL (fax 202-225-8456, 425 Cannon House Office Building Washington, D.C. 20515) is a co-sponsor of the House bill, and Rep. Jim Bacchus-FL (fax 202-225-9308, 432 Cannon House Office Building, Washington, DC 20515) actively and aggressively opposed the House bill as it was and is proposed.

posed.

This legislation will effect every Floridian, one way or another. Your elected officials need to know that you are aware, and that you have an opinion. They have to find that out from you.

Know the ABC's to prevent the spread of HIV and AIDS

By Patricia Harrington
Director, HIV Prevention
Center, Belle Glade
In the world, our country and here in the Glades area, HIV
disease (AIDS) is becoming with the HIV virus is to avoid disease (AIDS) is becoming with the HIV virus is to avoid more pervasive. More people all sexual contact.

B is for be monogamous. If we would war in the united States, effective of the United Stat

wars combined. In Palm Beach County more than 3,000 persons have been diagnosed with AIDS. The chances are great that you know an HIV infected person. There are no obvious physical signs of HIV positivity. HIV (Human I Immunodificency Virusy's is a communicable disease that is spread by the exchange of body fluids, blood and semen. Spread of the disease through heterosexual contact is on the increase.

you stay faithful to only one partner and the partner is faithful, then you don't need to worry about AIDS.

A and B are good healthy and moral messages, but they are not viable options for some people. Therefore, the only thing we have left is:

C-for condoms.

With more than 1 million Americans infected with HIV. most of them through sexual transmission, and an estimated 12 million others with sexually

Attorney Watterson wins award for pro bono work in school board lawsuit

The Florida Bar has named Palm Beach Gardens Attorney Terence J. Watterson as the 1994 recipient of the Florida Bar President's Pro Bono Ser-vice Award. Mr. Watterson was presented the award at a cere-mony before the Florida preme Court on Wednesday, bb. 16, in Tallahassee.

Feb. 16, in Tallahassee.
Sponsored by the Supreme
Court and the Florida Bar, the
award is given annually to a
lawyer whose time and professional expertise have contributed to making legal services available to those
otherwise unable to afford
them

Mr. Watterson receives the award primarily in recognition of his representation of school children and their parents in Belle Glade in 1987. The Palm Beach County School Board Beach County School Board voted to locate a new high school facility four miles out-side the city limits of Belle Glade, requiring the busing of 100 percent of the school popu-lation to the remote site. The site was adjacent to Glades Correctional Institution, a Florida close security prison. It was also discovered during Mr. Watterson's investigation, that the land was contiguous to two landfills which had contaminated soil and had contaminated.

Mr. Watterson undertook the representation of the parent representation of the parent group in 1990 without pay, and was initially unsuccessful in persuading the school board to change the location of the new facility, as it had already spent in excess of \$3.3 million in site work in an attempt to make the property suitable for construction. Mr. Watterson filed suit on behalf of a parent and mon-profit organization against the school board in May 1991.

The litigation was successful and in August 1991, the school and in August 1991, the school

and in August 1991, the school board entered into a consent judgment against it, enjoining any further usage of the land for education facilities and agreed to court supervision of the construction of a new high

school in or adjacent to the neighborhoods of the City of Belle Glade.

The new school, scheduled to open in January, 1996, is currently under construction and is located next to Palm Beach mmunity College, a park and a museum.

Palm Beach County Commis-

sioner Maude Ford Lee said, "Terry's work will make a dif-ference for generations to

Florida Bar President Patricia A. Seitz, in announcing that Mr. Watterson had been selected for the Pro Bono Ser-vice Award said, 'The Board of Governors and the 50,000 plus members of the Florida Bar are very proud to have you as our

colleague."
Mr. Watterson, 43, practices in Palm Beach Gardens with the law firm of Watterson. Hyland, Baird & Klett, P.A. The law firm represents the town of Jupiter and the City of Palm Beach Gardens.

Accreditation is granted by AABB to Glades General Hospital

Headed for state...Five Glades Central High School wrestlers are headed for the state competition in Lakeland this weekend with their coach, Frank Lasagna. Shown in front is Ronnie Thompson, who is the regional champ and district second place winner. In the back row, from left, are: Andre Finkley, who took third place in the district and regional competition, Christ Young, fourth in region and third in district and Jerry Seymore, regional and district champion. Not shown is Robert Newkirk, who took fourth in the region SUNPHOTO by Brenda Bunting

Glades General Hospital has been granted accreditation by the American Association of Blood Banks (AABB), according to hospital administrator Neil Whipkey.

Accreditation follows an

Accreditation follows an intensive on-site inspection by specially trained representatives of the Association and establishes that the level of medical, technical and administrative professional and administrative professional and administrative professional and administrative professional administrative professional and administrative professional administrative istrative performance within the facility meets or exceeds the standards set by the

By successfully meeting those requirements, Glades General Hospital joins more than 2,000 similar-facilities as the United States and

across the United States and abroad that have earned AABB accreditation.

"The AABB's inspection and accreditation procedures are voluntary," said Mr. Whipkey. "Glades General Hospital has sought AABB accreditation because this program assists facilities around the country in achieving excellence by pro-moting a level of professional

National Condom Week

Continued from page 4

report failure rates among couples using con-doms for pregnancy prevention. Analysis of these studies indicates that the large range of efficacy rates is related to incorrect or inconsis-tent use. The fact is: latex condoms are highly effective for pregnancy prevention, but only when they are used properly. Research indicates that only 30 to 60 percent of men who claim to use condoms for contraception actually use them for every sexual act. Further, even people who use condoms every time may not use them correctly. Incorrect use contributes to the possicorrectly. Incorrect use contributes to the possi-bility that the condom could leak from the base

or break.

B. Myth \$2: HIV can pass through condoms. A commonly held misperception is that lates condoms contain. Tholes: that allow passage of HIV. Although this may to true for natural membrane condoms, laboratory suunes snow that intact latex condoms provide a continuous barrier to microorganisms, including HIV, as well as sperm.

C. Myth #3: Condoms frequently b

C. Myth \$3: Condoms frequently break
Another area of concern expressed by some is
about the quality of latex condoms. Condoms
are classified as medical devices and are regulated by the FDA. Every latex condom manufactured in the United States is tested for defects
before it is packaged. During the manufacturing
process, condoms are double-dipped in latex and
undergo stringent quality control procedures.
Several studies clearly show that condom breakage rates in this country are less than two per-

cent. Most of the breakage is due to incorrect usage rather than poor condoms quality. Using oil-based lubricants can weaken latex, causing the condom to break. In addition, condoms can be weakened by exposure to heat or sunlight or by age, or they can to torn by teeth or finger-

The HRS/HIV Prevention Center is an opera-tional research station with complex and chal-lenging goals. Our first major goal is to improve, broaden and expedite the delivery of the HIV

oroaden and expedite the delivery of the HIV education prevention message. Staff members have made major efforts to reach all segments of the community in western Palm Beach County.

A few examples of these efforts are as follows:

1. Community street outreach programs for all of the chauses communities is conducted on a daily on-soing basis. daily on-going basis.

Archery, muzzlelaoder season starts in northwest

A special archery and muz-zleloading gun season for the Northwest Hunting Zone is slated for Feb. 17 through 27. Only bows and arrows (exclud-ing crossbows) or muzzleland-ing guns may be used during this season. Hunters may take deer hav-ing one or more authers at least ing one or more authers at least

ing one or more antlers at least one inch in length visible above the hairline; wild hogs having a shoulder height of 15 inches or more (in areas where hogs are legal game), squirrels, quail, rabbits, raccoons, opossums, coyotes, nutria, skunks and

coyotes, nurria, sauna beavers.

The daily bag limit for deer is two with a possession limit of four. Bag limits for other game are: wild hoga - daily limit one, possession limit two, for squirrels (except on wildlife management areas) - daily limit two, possession limit four; gray equirrels "daily limit 12, possession limit 24; and quail and rabbis - daily limit 12, possession limit 24.

sion limit 24.

There are no bag limits for raccoons, opossums, coyotes, nutria, skunks and beavers. Regulations may differ on wildlife management areas.

Ladies celebrate 29th anniversary

Members and guest of Xi Zeta Mu chapter of Beta Sigma Phi celebrated their 29th anniversary Saturday, Feb. 12, with a luncheon at Binks Forest Coun-

try Club in Wellington.

Two charter members of the chapter, Sandra Chamblee and chapter, Sandra Chamblee and Karen Corbin were in atten-dance. Other members attend-ing were Linda McWillan, Lau-ra Mae Enfinger, Gloria Swa-ger, Florence Acree, Annette Wilson, Merelyne Cochran and Jane Evans, sponsor. Guests attending were LaVern Motes, Iris Tanner and Greadle York.

After lunch, the group njoyed shopping and attending

dents ranked in the top 5 per-cent of their high school class and both had maintained at least a 3.0 grade point aver-

age.
"Over the past few years
we've been elated with the caliber of African-American students we have enrolled here at
USF," said Mr. Wright. The current administration has been extremely supportive in appropriating funds to be more competitive in efforts to attract some of Florida's 'best and brightest' students."

Winners of the Tae Kwon Do are 1st row: Vicente Jimenez, Robert Hart III, Rudshun Atkins, Mallory Grimes. 2nd row: John Snipe, Carlos Rairez, Mathew Snipe. 3rd row Robert Hart Jr., David Bake and Ken Man.

Fruit trees will remain healthy when fertilized properly and watered sufficiently insects. Once the fruit has formed it is safe to apply most appryed clirus pesticides. There are diseases that attack newly-formed fruit and it is generally recommended that citrus be sprayed with a cooper fungicide after the young fruit have formed and before it is larger than a marble. This will prevent the entrance of citrus scab and other diseases which will

Many area fruit trees are now starting to push out long awaited flowers and new growth. Make sure that your tree is in good health by fertilizing it with a good quality citrus fertilizer at recommended rates. Many people delay fertilizing when they see blooms appearing but you don't have to worry, about this as long as the fertilizer is applied correctly. Ideally afertilizer should be put out before the tree gets into heavy bloom but if it is already in flower now, you still need to in flower now, you still need to have the nutrients there for the tree to take up.

Along with the fertilizing

any people are doing some selective pruning of citrus and if you have some dead branches or unwanted branches that are too low, too high, or too wide, these can be safelt removed with the time of the safelt removed.

this time of year.

Also people worry about existing fruit on the tree and whether it will affect this new bloom which is coming out. In most cases you do not have to remove existing fruit. The new that are emerging and fruit that will form will

not be affected by the existing to become well established and

not be affected by the existing fruit on the tree.

If you are not getting sufficient rainfall in you area, make sure that trees are watered about every 10 to 14 days at this time of the year, but not more than that. Excessive watering can cause root stress watering can cause root stress which will cause the tree to abort flowers or young fruit and this will decrease the amount of crop for the upcom-ing season in the fall.

This is a good time to make sure that trees have any pests or diseases controlled that would interfere with the trees' growth for the upcoming season. Some of the common pests to look for one of the common pests. to look for on citrus include sucking oests as asphids, scale and occasional chewing pests such as caterpillars or beetles.

If you are thinking al If you are thinking about adding fruit trees to the land-scape, many area retail nurseries that sale citrus have good inventories at this time of the year and this is an excellent time to "get" them "in the ground By planting citrus now it will have the benefit of our upcoming long growing season

major problems next winter.

Citrus trees which are neglected in the landscape will neglected in the landscape will often fail to produce many flowers. If your tree is not blooming yet it may either be needing an additional, feeding or perhaps it may be waiting until next month. Citrus, particularly grapefruit will'often wait until March to start heavy bloom. In most recent years, bloom on citrus can occur up to as late as the first week in April so until then you still have a chance of getting some flowers and potential fruit. Most of the citrus coming into bloom now are oranges, lemons and limes rus coming into bloom now are oranges, lemons and limes which typically bloom early. One side of the tree will often bloom earlier than the other and it's not unusual to see the south or southeast portions of citrus in full bloom while the remianing part of the tree has buds just beginning to form.

If you have a tree that is heavily in flower avoid apray-

heavily in flower, avoid spray-ing it since the commonly used sprays for citrus pests may discourage pollinating

still going well. Seventy players are enrolled in the program that has two weeks remaining. Denny Molesbower, a four-time World Champion and a member of

Denny Molesbower, a four-time World Champion and a member of the World Kickboxing Council, spoke to the student body in chapel last Thursday. He demon-strated a Kata, a fight, which is techniques down from previous

He gave an outline on how to live like great champion. He said, "Like kickboxers are trained to endure hardships. Christians need

evening. Make your plans now to attend!

Three GDS students are into maio-HAM radio that is. Ricky Carter, Brian Watson and Larry Coonfare have been training and gwith teacher, Rob Rudy, to get their broadcast license for amateur radio broadcast license for amateur radio broadcasting through the HAM program. Soon, they will be able to communicate around the world with the use of Morse Code and know the basics on radio broadcasting.

Glades Day has begun selling tickets for a drawing for a 1994 SEA DOO personal watercraft to be held at the Spring Fling on Saturday, March 26. Only 500 tickets will be sold for \$50 each. The last number drawn will be the winner. If you're interested, please.

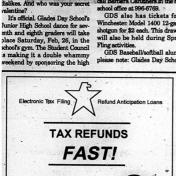

baseball and softball programs are staging alumni games for Sunday, March 27. Athletes who played JV or varsity baseball or softball are invited to participate. The teams will be determined by graduation year Odd vs. Even.

Cupid's arrow hit many targets on Valentine's Day last Monday when members of the Sophomore Class assisted the match maker with delivery of carnations to felow students and more than a few to faculty members). It's always a fin time as students wait eagerly to see who their secret admirer might be. To top it off, the Student Council received the Heart-to-Heart computer matchings and put them on asie for \$20 each. The computer matched 10 people with each person who was a council as the control of the computer matched to people with each person who was compared to the control of the computer matched to people with each person who was your secret relations.

can barrara Caruthers in the high school office at 996-6769.

GDS also has tickets for a Winchester Model 1400 12-gauge shotgun for \$2 each. This drawing will also be held during Spring

Fling activities.

Pahokee native plays in 6th Pro Bowl

Rickey Jackson, a
Pahokee native and a professional football player for
the New Orleans Saints,
was selected for the sixth
time to play in the NFL Pro
Bowl in Hawaii.
The game was all
the Rickey Jackson, a Hawaii.

Pahokee native and a prefessional football player for the New Orleans Saints, was selected for the sixth time to play in the NFL Po Bowl in Hawaii.

The game was played the Aloha Stadium in Joining Mr. Jackson in

Hawaii during the week-long Pro Bowl Festivities were members of his fami-ly: Lelia Lawson (mother); Carolyn Brown (sister); Mewanda Brown (niec); Norma Jackson (wife); and, his children: Rickeyah, Rickeem and Rickeyvius.

Lady Gators place 2nd in district tournament

Glades Day School's varsity basketball girls came in second place in the district tournament when they defeated Christian Day 56-47 in the first round of play on Feb 10.

Feb. 10.
Sophomore Fida Musallet scored 20 points, including Sophomore Fida Musallet the district championship scored 20 points, including game, 53-42. Senior Cathy Sears had a Junior Heather Evans game high 20 points and junior

added another 10 points Sara Woodham had 12 along with 10 rebounds in the rebounds in the loss.

along with 10 rebounds in the rebounds in the loss.

Senior Carmen Ruiz led all rebounders with 20.

The Lady Gators then fell to the Moore Haven Terriers in the district champions and first runner-up offs.

Senior Cathy Sears had a game high 20 points and junior and control of the sub-the district champions and first part eligible to go to the play-offs.

This new system allowed the Lady Gators to play for the sub-the district of the sub-the district champions and first part eligible to go to the play-offs.

Senior Cathy Sears had a game high 20 points and junior resolutions and first part eligible to go to the play-offs.

Practice does pay off . . . The Glades Day School Girls Varisty Basbetball team defeated Christian Day School in the distict playoffs 56-47. With the win, the Lady Gators placed second. Because of new regulations set forth by FISAA which enables the winner of the district and the first runner-up to be aligible for playoff action, the GDS faced King's Academy for the sub-regional title.

nior Raider Jujuan Seider turns and looks at referee as the action ids to the other end of the court. Seider didn't think the foul should be been called on him.

Pahokee cheerleaders got the crow the Blue Devils met in a rivalry mate
